SCHOOL REPORT.

The School Board submit the following report for the year ending March 1, 1889. With one exception the schools have continued throughout the year under the charge of the same teachers. Miss Alice W. Batchelder in the North School, Miss Edith S. Brown, in the West School, Miss Ednah M. Hardy, in the South school, Miss Ella A. Tilton, continuing for two terms in charge of the East School, being succeeded by Miss Lucia S. Carver the third term. The schools, have run with very little frictions throughout the year, and the relation between teachers and pupils have been pleasant. The attendance has not been as constant as we could desire but with the exception of unavoidable absences we think there has been an improvement over former years. We would urge upon the citizens of the town the necessity of constant attendance in order that teachers and pupils may do justice to themselves. While our schools are perhaps not models, a commendable interest has been shown by teachers and pupils in their work which we hope may continue in the future. The scholars of the East School by their own exertions purchased Yaggy's Anatomical Study which will be of great assistance to them in the study of Physiology. We express the hope that this and other schools may be successful in their efforts to secure in the near future, books of ref-

erence which are much needed and with intelligent teachers aid materially in school work.
